No

No revision required

Nicely focused on basic concepts of physics.

The syllabus is designed by considering the basics required for students to develop the clear understanding of the subject and also the students will have insight of the applications of Physics to the real life by studying the topics like fiber optics or LASER and semiconductor physics

No suggestion syllabus is very good but with the syllabus add some extra course so that student is able to get some extra knowdage than syllabus

Focus on basic terms & explain the concept over the derivative

Teaching is very good.
